

REMARKS/ARGUMENTS

In preparation of the Appeal Brief for this application, it was noted that there was a grammatical error in claims 6 and 7. This issue had not been raised by the Examiner when these claims were presented. However, correction to improve clarity is appropriate and does not raise new issues.

Entry of the amendment is requested.

Respectfully Submitted,

A handwritten signature in cursive script, appearing to read "Marina T. Larson", is written over a horizontal line.
